## REVIEW OF 1914 W.C.T.U. WORK

The following is a review of 1914 by Secretary Mrs. Hoffman: On Jan. 7, 1914, Mrs. Lulu Gleason, of Toledo, had secured the names of sixty-three ladies and two honorary members to organize a new W. C. T. U. in Celina. We met at the Presbyterian church, elected the officers, and named the union "Gleason" in honor of its organizer. During the year we have been faithful and seemingly have accomplished much good. It would be impossible to narrate incidents that have confronted us, for they are various and many. We held eleven monthly meetings and had three special meetings during the campaign. During the fair and campaign time we had distributed over four thousand pages of literature and fourteen hundred postcards, in order to help abandon the rum traffic. We collected \$15.70 for literature from the members, by taxing each 25 cents. After the literature was bought, the amount remaining was donated to the anti-saloon league to help pay their expenses. Thirty-eight dollars and fifty cents was collected for dues and hand books; \$4.92 was expended for the union.

The year 1915 starts out with the following officers in charge:

Mrs. Irene Miller, president.  
Mrs. Watts, vice president.  
Mrs. W. O. Huffman, recording secretary.

Mrs. John McGee, corresponding secretary.

Mrs. Ed Hellwarth, treasurer.

Mrs. LeRoy Jenkins, superintendent of contest work and pianist.

Mrs. W. T. Palmer, press superintendent.

Mrs. I. E. Crampton, superintendent of literature.

Mrs. Mosier, Mrs. Lawrence and Mrs. Fenning as collectors of dues.

We have secured new members and our enrollment now numbers 80. Several speeches were made during the year in favor of the union's motto, "Abolish the Saloon."

Mrs. Symons, of Rockford, county superintendent, met with the union four different times. Several boquets

were sent to shut ins, and a cheery word given with each.

MRS. W. T. PALMER, Press Supt.

## A BAD STUMP

[Ansonia Herald, Feb. 18.]

George Stump, aged 19, who resides about three miles from Rossburg, is in the lock-up over at Union City, on a charge of stealing some clover and timothy seed from the Fhail elevator at Rossburg.

Stump entered the elevator at Rossburg Monday night and made way with three bushels of clover seed and one and a half bushels of timothy seed. He later took it to Burkettville and shipped it to Union City, where he tried to sell it to the elevator men there.

The elevator men at Union City had been notified of the robbery at Rossburg and were told to be on the look out for the thief. When Stump made known that he wanted to sell the seed, comparative tests were made with samples of the seed from the Rossburg elevator and the officers were sent for. The tests showed that the seed in Stump's possession was the same as had been stolen at Rossburg and he was immediately placed under arrest.

His father was notified Friday morning and it was expected that some arrangements could be made late Friday afternoon for the further disposition of the case.

## LEAVE SCHOOL LAWS ALONE

Say Wabash Farmers, Who Pay Tribute to Late S. J. Vining and Stand by Wilson.

While the secretary of the Wabash farmer's institute failed to furnish us with a report of their meeting last week the following resolutions were passed:

Whereas in the Divine Providence and mysterious workings of almighty God there has passed out from our midst into the world beyond our fellow workers and honored citizens, J. C. Snyder and Samuel J. Vining; therefore, be it

Resolved, That we hereby signify our sincere regret for their loss to us. Be it further

Resolved, That we express our hearty thanks to George E. Duglans and T. J. Miller for their excellent and helpful addresses; and to Mrs. Gimmell and Alspaugh and Messrs. Moore and Leininger for their practical and timely speeches; that we further tender our appreciation to the officers of this institute for their able management; and to all who have helped in any way to add to its success and the consequent uplift of this community. Be it further

Resolved, That we desire the officers to provide for another institute next year; that we favor the selection of members of the county fair board by an election which allows each voter of the township a voice in selecting the member for his township; and that we favor and urge the passage of a law which shall continue to protect quality indefinitely.

Whereas the new school code of Ohio has the support and approval of the best school men of our own and other states, and where as yet sufficient time has not been given it either to prove its worth or reveal its faults, therefore be it

Resolved, That we desire and urge the present General Assembly of Ohio to make no important changes in the code at this time.

Whereas there is a strong and growing tendency over our state to adopt centralization of schools as a means of securing greater efficiency; and whereas Washington township, from the standpoint of good roads, rural schools and an imperative need of new buildings is in a favorable position to adopt a centralized system; therefore be it

Resolved, That we favor and urge a full and open discussion of this subject both among ourselves and by speakers who know the working of the system elsewhere.

Whereas our Government has taken a very commendable attitude towards the present war situation, thereby better fitting our nation for her many duties, and thus cultivating and encouraging in her citizens a love of peace; be it

Resolved, That we express our most sincere appreciation and heartfelt approval of the unselfish and earnest efforts of President Wilson to maintain friendly relations with all people at home and abroad.

Resolved, That a copy of these resolutions be spread upon the minutes of this institute and published in the papers of the county, and that copies be sent to our Representative and Senator in the General Assembly of this state.

**BETTER THAN CALOMEL**

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box. All druggists.
